Hidden Dangers

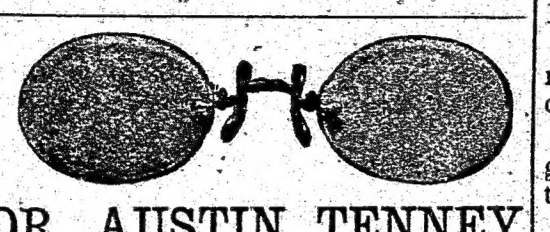

Nature Gives Timely Warnings That No Norway Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the coming of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Norway proof:

Mrs. P. Walker, Cottage street, Norway, Me., says: "I have used Doan's Kidney Pills and must acknowledge that I have been greatly benefited. While my case was in no way serious, I was in misery all the time. Symptoms pointed to a severe kidney disorder. Learning of Doan's Kidney Pills, I decided to try them and procured a box from Stone's Drug Store. In a short time after commencing their use I felt much better and as I continued taking them, I steadily improved. I can recommend Doan's Kidney Pills as an excellent remedy for kidney disease." 28 29

Maine's Lament.

Who has wasted my substance? Who has stolen all my toil? That I am left so destitute I can't respect myself. I cannot pay my debts. The bodies of my poor. They lie about my door. I cannot understand it. I am puzzled much to see My substance all grow so scant. Though at church they tell me the knee; To bury my poor dead. It makes the old pine bow in shame, And each mountain side his head.

Uncle Hiram to His Nephew.

He Gives the Youngster a Little Advice as to When to Make Decisions.

"Don't," said Uncle Hiram to his hopeful young nephew, "make any momentous decision when you're tired. When we're tired we want to get the question settled and we're ready to make concessions, to give way, and the other man is sure to get the better of us. We don't want that. It's a good thing when in doubt about anything to sleep on it, and this is sound advice. The general theory of the benefits to be derived from sleeping on a question is that sleep clarifies the mind, but in coming to a settlement about a thing the most important advantage that we find in sleeping on it lies in the renewed strength that sleep gives us. It renews our courage, makes us ready not to give way but to stand up and fight and be it able to fight."

"Don't be in a terrible hurry to settle things, Stevie, anyway. There are times when you must strike when the iron is hot, but as a general proposition don't be impatient to get things settled; it's the man able to keep cool and wait and let the other fellow do the worrying that generally gets the biggest piece of the cake."

"We may meet occasionally a man of high and unbroken continuous courage, but not often; the biggest of men have heart sag at times, though they may not show it; we are all human and much alike under the skin if that's any comfort to you; we all have our moods; times when we are buoyant and happy, and times when we are low in spirits and depressed."

"Don't, Stevie, settle things when you are feeling low and dissipated. You'll take a different view when you come back, as you inevitably will, to the summit."

"Let your decisions be made, Stevie, not when you are tired or depressed but when you are fit and strong, and pride and habit will make you live up to them."

Flag Day.
The public observance of flag day by
the public schools of Waterford was
postponed from June 14 to June 30, the
closing day of the summer term. By ap-
pointment and in response to the invita-
tion tendered to the people of the town,
a large audience assembled at the Congre-
gational church at the Flat at 10.30 a. m.
Friday when the exercises took place
under the direction of Prof. Emil Herms,
superintendent of schools.
The grand procession was composed
of the children of the public schools di-
rected by their respective teachers, each
pupil bearing aloft a small flag, the cen-
ter pews being occupied by the public
schools to the number of 100. Following
is the program:

Address..... Prof. Henry Warren
The speaker punctuated his oration
by an eloquent apostrophe to the Stars
and Stripes, an explanation of the sym-
bolism and meaning of the colors, Red,
White and Blue; of the stars, and the
courage and individual and civic life; Blue,
Honesty, Truth and Fidelity to public
and private trusts. Many other pa-
triotic lessons were enforced and num-
erous illustrations of the native nobility
of the sons and daughters of Waterford
were given by this eminent living son
and historian of the town.
Comrade Granville Fernald gave a
brief address with reference to the ex-
ceedingly interesting celebration of
the National Flag Holiday. Prof.
Harms spoke briefly in terms of sincere
appreciation of the manner and spirit
of the observance, and paid a handsome
compliment to the patriotism of Water-
ford citizens. He was followed by Rev.
W. B. Hogue in similar remarks and
closing the exercises with prayer.
From the church, the congregation
joined and marched to the Stars and
Stripes House at the junction
of the road and near the annex to the hotel.
Here was found a new flag-staff 75 feet
in height, made in two sections, and all
fitted with balyards for raising the new
American flag so lately received as a
gift to the town in token of the ad-
miration expressed by a part of gentle-
men who were guests of the Stars and
Stripes House last year and incidentally pre-
sent at the Flag Day exercises at that
time, for the citizens of Waterford toward
the cultivation of patriotic sentiments in
the minds and hearts of its youth.
This party of a half dozen, were gentle-
men of leisure, touring by automobile
and appeared on the register of the
Hotel as members of the "Never-Work-
ing Club of New York," prominent among
whom was G. A. R. Comrade, by name
of Gen. H. A. Wilkins. Correspondence
about the flag and its donation by the
mentioned was between Gen. Wilkins
and Supt. Herms, and in a good time
the beautiful souvenir came to the hands
of waiting friends here. It is of fine
quality of bunting, 18 ft. by 10 ft. in size.
The story was ended by raising the
flag, which floated out freely amid the
cheers of the crowd who saluted it by
singing the National hymn, America.
The party then retired to the Stars and
Stripes house where a sumptuous dinner
was served in the hall in which was demon-
strated the sympathetic feeling and
generosity of all native residents and the
friends temporarily within our gates.
It was, indeed, a reunion of friendship
and good will.
Comrades of the G. A. R. and veter-
ans present at Flag Day exercises were

way; Geo. E. Billings, Farragut,

NORTH WATERFORD.

Dr. Charles A. Coolidge.
Dr. Charles A. Coolidge passed away
Saturday July 1st at the home of his son,
Dr. C. M. Coolidge, at 81 years of age.
Mr. Coolidge has lived the greater part
of his life in Canton where he was prac-
ticing physician—more than half a century.
Since the death of Mrs. Coolidge a few
years ago he has spent considerable time
with his children and last summer owing
to ill health went to North Waterford to
reside with his son permanently.
He is survived by two sons, H. E.
Coolidge, Esq., of Lisbon Falls and Dr.
C. M. Coolidge of North Waterford and
an adopted daughter, Mrs. Tena Dolloff
of Livermore Falls and several grand-
children.
His remains were carried to Canton,
Monday and the funeral held at his old
home at 2 o'clock. He was buried with
Masonic service, being an honored mem-
ber of Whitney lodge No. 167, F. & A. M.
The floral tributes were beautiful.
Leon Bisbee is driving a meat cart.
Rev. and Mrs. B. W. Hague are visited
by their daughter.
John Willis and family have been vis-
ited by his parents.
Several of the parents and children
went to Waterford, Flag day.
Edith Knight has gone to Belfast to a
hospital to work for a short time.
Louise Nason of Bingham has been
visiting her uncle, Ernest Nason.
Mrs. Everett Onley and son Harold
have been stopping at Will Rice's a few
days.
Mrs. Sarah Washburn and son, Ezra
Lebrooke have gone to Kennebunk to
stay awhile.
Elmer Caldwell took Mr. and Mrs.
Marion Hobson to Berlin to attend the
circus Tuesday.
Christine Littlefield of Stoneham is
stopping with her grandparents, Mr. and
Mrs. G. E. Farmer.
Raymond Knight of Lynn, Mass., is
visiting his mother, Mrs. L. A. Knight
and other relatives.
O. P. Brooks of Norway comes here
every Friday in his auto selling fish,
meat and canned goods.
Mr. and Mrs. George Holt who have
been working at Lovell, are stopping at
her father's, Augustus Manning's.
Mrs. Belle Jones who passed away the
24th was a member of Waterford gauge,
and many of the members attended in a
body and held services at the house.
The floral offerings were many and beau-
tiful. The deceased was 49 years old the
day she was buried. She leaves a hus-
band, son and one brother and other re-
latives. The services were conducted by
Rev. B. W. Hague.
The village schools have closed. Ida
Holt teacher in the Primary room sent
out invitations to parents and relatives
of the children to be present at 3 o'clock
and listen to the program that was car-
ried out in a nice manner which would
give credit to older ones. There were 30
visitors present and the following was
the program:

ance 24, which is pretty good as some
are small and many have a long distance
to go. Miss Holt has taught here several
terms and takes an interest in her schol-
ars and is thought a great deal of by
them and has had a very profitable school.

Echoes from the Electrical Storm

Mr. and Mrs. John A. Woodman, who are summering at their camp, the Kingfisher, on the eastern shore of Lake Umbagog, had the same of their lives in the electrical storm, Thursday afternoon, the 6th. Mr. Woodman looked up the lake and saw a wall of water moving down on him at a race course speed for action. He could collect their thoughts for action. The water rolled in upon them with a force sufficient to carry water into their cottage. This was accompanied by wind, hail and rain. Nine large trees were blown down in part on to the cottage roof, but this cottage is built "on a donor" and it stood.

The chimney of the James Porter cottage, that stood after this cottage was burnt, was blown over leaving the fireplace intact.

All along the eastern shore of the lake in different places trees were uprooted or broken off, especially on the John Shepard farm.

The C. B. Cummings & Sons' boom at Norway Lake broke apart. The rain raised the water in the lake an inch or more.

Lightning struck the woods on the mountain in Greenwood and set a forest fire which gained a good headway before people were aware of the fact. The storm was accompanied with a high wind but very little rain. A large crew of men started for the mountain to endeavor to check the fire.

In South Paris the steeple of the Baptist church was struck by lightning and several trees were blown over. While the storm was not accompanied by much rain it lasted for several minutes, doing some damage to the crops. The Hall place on Oxford street was struck by lightning but no great amount of damage was done.

The home of ex Gov. Perham on Paris Hill was also struck but did not set fire to the buildings nor was anybody injured.

The barn buildings on the old Whitehead place, owned by Mr. Jenkins on the road leading from Turkey Hill to Norway were burned.

Many trees were struck and cupola on the Rodney Hall place stove up.

A tree in the Son B. Paris park was blown down. The A. C. Hall residence was struck by the lightning but no great damage done.

Herbert Scribner's barn on Paris Hill was struck and a small blaze resulted, but was quickly smothered.

The farm buildings of George Holmes of Buckfield were struck by lightning and burned July 6th. Mr. Holmes has a good set of buildings and a large and commodious barn. The loss was over \$2,000.

The barn belonging to George Hilton on the Sweet Road at Bridgton was struck by lightning and burned with its contents. They had just been getting in hay and the horse was also burned. The house was somewhat scorched.

Lightning struck the barn on the place at West Poland owned by Charles Kent in Thursday's storm. The ice house was destroyed as well as the barn.

Sixteen pines and about thirty cedars were blown down on Mr. Woodman's lot. Two large trees near the ice house were overturned. They stood so near that the roots lifted up the building a few inches. The cottage was so completely covered with fallen trees that hardly any of the building could be seen.

Mr. Woodman says that the wind through the trees and about the building sounded like steam whistles. He also thinks if the trees had not weighed the cottage down it would have blown over.

E. K. Morrill's barn was struck and a calf was killed. Mr. Charles Roeder was damaged a number of dollars on his garden and apple trees. The largest pine tree on Leavitt's Point was uprooted.

Fred Moffatt's cottage by Lake Umbagog was struck. It was damaged quite a little inside, but was not set on fire.

NORWAY AND VICINITY

Trying to find tourmaline and aqua marina and other valuable stones that Mrs. Bryant said she had reason to believe Briggs had taken. They could not find the stones although they did find the small bags the stones were kept in.

Attractions at the Circus.

The one great attraction on Thursday evening was the circus at the Fairgrounds and long before dark people began to arrive in all kinds of conveyances to see J. H. Sparks' World Famous Circus. The tent which was a large circus tent was full long before the hour to begin arrived. This was an exceptional good circus and made a good impression throughout the community on account of its clean appearance and its good looking, well kept animals. This was a one ring circus and all kinds of acts of daring and trained animals were exhibited.

The horses displayed almost human intelligence in the ring and and at the word from its trainer to dance to the rhythm of the music, jump the poles, or fall to the ground on their knees, or climb on the box, he was ready and willing to obey.

The acrobats were well trained and about every kind of a performance was gone through. It included trapeze work with rings, the bar, the swing and the frame work. One of the most daring acts was the swinging of two women in the air from a frame, holding themselves by a single handle by means of their teeth.

The two little Japs caused as much applause as any of the actors. They were small and as limber as a clown's brain, and they also executed a strange and p't worth the trying for. They could roll up like a ball and spin on the other Japs feet so fast one couldn't tell his head from his feet. Two of the larger Japs with a bar across the shoulder and a pole and the little Japs climbed the pole and went through all kinds of maneuvers keeping in perfect balance.

The three elephants were another great attraction and did some very clever acting. At the command of their attendant the elephants would mount a tub and beat time to the music with their forward feet; beat the drum with their tail or play nice plus and keep the score of the game just as directed. They would also sit down on the tubs and raise their front feet into the air. The attendant layed down on the ground and the largest elephant walked up and layed down over him, giving him plenty of room; the other elephants followed and placed their feet over the elephants back.

The clowns were also in attendance and were up to their pranks as usual. They enjoyed a game of base ball and an imaginary ball which was rather interesting. They also enjoyed a stroll around the grounds with an artificial sail boat. A clown led the way with a sprinkler, while one came on behind blowing a pair of bellows.

The circus was over a 10-cent entertainment followed by the principal feature being the exhibition of two lions. The attendant was locked in an open cage with the lions. He made them sit up on a platform and teter a board. They were rather savage looking animals and were inclined to snarl a little, but obeyed the attendant somewhat reluctantly.

The remainder of the entertainment is unknown, for as one of the young ladies was singing, a heavy clap of thunder came with a brilliant flash of lightning, and instantaneously the crowd started for the street and brought the entertainment to a close.

Mrs. Lucy A. Richardson Jenkins. Mrs. Lucy A. Richardson Jenkins passed away peacefully at her home in Chula Vista, California on June 30th, at the age of 77.

She was the oldest daughter of John Richardson and Lucy A. Brown Richardson. Fifty-seven years ago she married John Jenkins, a native of Boston, and they resided in Wakefield, Mass., until about twenty years ago when they moved to California for the benefit of Mr. Jenkins' health.

Mrs. Jenkins leaves, beside a son and daughter whom she tenderly cared for, two sisters and three brothers. For many years she was a member of the Congregational church. Her many friends will remember her as a most estimable lady.

Dr. and Mrs. Charles Cragin and daughter of Portland visited the doctor's mother, Mrs. Susan Cragin, over the Fourth. Because of an injured ankle Mrs. Cragin, the organist, did not play at the Methodist church, Sunday.

Wentworth played the organ. The Eugene S. Millett house that was burned the 4th was supposed to have caught from a fire cracker, as one of the mail boys said that the fire crackers had started a blaze in the roof of the piazza. Part of the furniture was lost but not much. The \$100 in money he thought he lost he has since found. His loss was about \$1000 with insurance to the amount of \$900.

OWES HER HEALTH

To Lydia E. Pinkham's Vegetable Compound

Scottville, Mich. "I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sanative Wash have done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, Lydia E. Pinkham's Remedies. I tell every one there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it on the ground.

"I will say also that I think there is no better medicine to be found for young girls to build them up and make them strong and well. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound and has had very painful periods and irregularity, and it has always helped her.

I am always ready and willing to speak a good word for the Lydia E. Pinkham's Remedies. I tell every one I meet that I owe my health and happiness to these wonderful medicines."

—Mrs. J. G. JOHNSON, Scottville, Mich., R.F.D. 3.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases.

The W. C. T. U. prepared a program for July 4th. The Young Campaigners for Prohibition were on parade in the morning, singing and giving rally-cries on the streets. A picnic dinner down river was a feature of the day. The intense heat overcame so many of the children that the pleasure of the day was greatly marred and a threatening shower sent the people to their homes in the early afternoon.

Sunday evening the 9th, the W. C. T. U. gave the following program at the church:

Musie. The old time tune.....Y. C. P. Scripps, St. P.

Prayer.....Ella L. Warren

Address.....Mrs. Tillinghast

Music.....Y. C. P. Scripps

The young Campaigners marched into the audience room. Florence Clark was organist. They gave several rally cries. Mrs. Tillinghast is from Livermore Falls. She gave a very forcible address to a large audience. In the forenoon she spoke at South Otisfield.

Frederick Robie Grange held their regular meeting Saturday evening, July 8. It was children's night and the young folks gave a very pleasing entertainment. Worthy Master Rowe's youngest child, an unusually smart little miss of 8 years, gave a piano solo which was much appreciated judging by the hearty applause given her. The Grange claims a good number of willing workers among the young people as well as older members. After the program, lemonade and cake were served, then a little time was given to games and social chat.

On Friday evening, June 30, Frederick Robie Grange gave the drama entitled "Jemima, or the Witch of Bender," to a good audience. An orchestra of four pieces furnished excellent music for sale. It was a profitable as well as pleasant evening. After all expenses were paid, the Dramatic club turned twenty-three dollars to the Grange. This is good proof that Frederick Robie Grange is much alive and have members who are loyal workers in their own home Grange.
